We Bring our Gifts

The Local Church Budget

When does Spring begin? That probably depends on where you live in North America. Most schools will take a "Spring vacation," with students and families vacationing to warm climates. Some places are already experiencing warmer temperatures and signs of new life on trees and shrubs—plants that may have looked lifeless during the winter months. Of course, many places in North America won't have signs of Spring for another week or two, or maybe a month or two, but Spring will come, and the miracle of rebirth reminds us of the new birth Christ offers each of us. What does this have to do with our call for the offering this Sabbath? At least two things.

1. Seasons change. Systematic giving to God remains a good practice for prioritizing God and living for Him on a regular basis. However, seasons can affect your giving pattern, sometimes resulting in smaller gifts and sometimes resulting in larger gifts. What season are you in right now? And when have your giving seasons changed?

2. God gives new life. We might think primarily about money when it comes to tithes and offerings—our gifts to God, but God continues to be the One who first gives to us. Even when it seems like we have little or nothing, God gives new life! Whether Spring has arrived, or you hold to its promise to arrive soon, respond now to God's gift of new life for you.
